

DPSCD TEACHERS

Microsoft SKYPE IN CLASSROOM

GLOBAL LEARNING

What: Skype in the classroom is a Microsoft Office 365 Technology that provides teachers with creative technologies to teach students to:

- Be global learners
- Embrace real-time learning experiences from diverse cultural environments
- Meet and develop relationships with different student populations
- Learn from of different subject matters experts

Why: DPSCD teachers thrive to provide students with rich learning experiences that deliver educational excellence. DPSCD is preparing students to be global learners. Skype in the Classroom provides global learning platforms using different learning strategies that focus on student interaction in various cultural environments.

In this class, you will learn about:

- What is Skype in the Classroom
- What is the Microsoft Educator Community (MEC)
- How to become a MEC member
- How to use Skype in th Classroom
- Skype in the Classroom's five global learning platforms
